

## Assignment#7

Collect the screenshots and original files for the following activity. Take relevant snapshots in a word document for the activity above and the solution. Once finished export your project to a zip file(File->Export->Export to Zip File..) Submit your work's snapshot (at least three, including one with the project in the background and the zip file to the assignment folder for this week.

### Activity#1

- Build and Run the Tensor flow lite code in Android Studio (ref: [https://github.com/tensorflow/examples/tree/master/lite/examples/image\\_classification](https://github.com/tensorflow/examples/tree/master/lite/examples/image_classification))
- Save the screenshots for the app running in an emulator or a real device (optional)
